DIRECTIONS FOR USE

Situation	Application rate per 100 L water	Critical comments
Apples	125 mL	When using NAA, Ethephon, or BAPSoL, POMADE™ assists with spreading and coverage.
Table Grapes	20-50 mL	When applying ProTone SG
General Use	100 – 150 mL	-

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER, CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS

POMADE™ is a non-ionic wetting agent for use with fruit thinning sprays. POMADE assists with the wetting and coverage of the thinning agent to achieve more effective and consistent performance from the thinning spray. POMADE is safe to use as directed and is not phytotoxic to crops.

MIXING

Add POMADE to spray tank after thinning agent is thoroughly mixed.

PROTECTION OF WILDLIFE, FISH, CRUSTACEANS AND ENVIRONMENT

DO NOT contaminate streams, rivers or watercourses with the chemical or the used containers.

STORAGE AND DISPOSAL

Keep Out of Reach of Children.

Store in the closed, original container in a cool well-ventilated area. Do not store for prolonged periods in direct sunlight. Triple-rinse containers before disposal. Add rinsings to spray tank. Do not dispose of undiluted chemicals on site. If recycling, replace cap and return clean containers to recycler or designated collection point. If not recycling, break, crush, or puncture and deliver empty packaging to an approved waste management facility. If an approved waste management facility is not available, bury the empty packaging 500 mm below the surface in a disposal pit specifically marked and set up for this purpose, clear of waterways, desirable vegetation and tree

roots, in compliance with relevant local, state or territory government regulations. Do not burn empty containers or product.

SAFETY DIRECTIONS

May irritate eyes and skin. Avoid contact with eyes and skin. Wash hands after use.

First Aid

If poisoning occurs, contact a doctor or Poisons Information Centre. Phone Australia 13 11 26; New Zealand 0800 764 766.

Safety Data Sheet

For additional information, refer to SDS which is available from the supplier.

Conditions of sale: This high-quality product is suitable for the purpose advised on the label but as Gro-Chem cannot exercise control over mixing or applications, all conditions and warranties, as to its use for any purpose, are excluded and no responsibility will be accepted by Gro-Chem for any damage or injury whatsoever arising from its storage or application.

This product is not classified as hazardous according to the Global Harmonization System (GHS) classification.
